

## Guitar Amplifiers

CLASSIC 50/212  
BLACK TWEED

CLASSIC 50/212

### Classic®

With its responsive gain structure and warm/punch double-team of 12AX7 and EL84 tubes, Classic Series guitar amps are revered by gritty blues benders, chicken pickin' country cats and nouveau-Stones rockers alike. These amps are available in black tweed with Blue Marvel® speakers and knobs straight out of the rock 'n' roll revolution.
