Handy Hint

DLNA

What is DLNA?

- **Digital Living Network Alliance**
- DLNA Member Companies share a vision of a wired or wireless Home network of Personal Computers (PC), Consumer Electronics (CE) and mobile devices in the home and on the road, enabling a seamless environment for sharing new digital media and content services.
- To this end, DLNA is focused on delivering a framework of design guidelines based on open industry standards.

Who is DLNA?

- Microsoft, HP, Intel, AMD, IBM, Broadcom, Motorola plus many CE, IT & Telephony manufacturers
